

Women in Science

Thursday, February 9, 2023 | 7:00 – 8:30 pm

Participate in-person at BC Children's Hospital
or virtually in real-time

Details and Registration:
www.bcchr.ca/women-in-science

Learn more about our leaders who are paving the way for research in health sciences, including what inspired them to pursue a career in science and barriers they faced.

Registration is open to high school students, university students, the health sciences community and the public. People of all genders are welcome.
