

# Want to help us learn more about Obsessive-Compulsive Disorder (OCD) in schools?

The Provincial OCD Program at BC Children's Hospital is currently looking  
for

**Parents of OCD-affected children, youth, or  
young adults who were diagnosed with OCD  
before age 18 years**

to participate in our School Functioning study

## **SCHOOL FUNCTIONING SURVEY**

This study looks at how OCD affects or affected the school life of students with OCD.

*What it involves:* **10-question survey** about OCD in the classroom that takes about 10 minutes

*Reimbursement:* chance to win **one of two 50\$US gift cards** from Amazon
