Zoom tips:

- 1) Please feel free to join the meeting a few minutes in advance, to avoid delays with the "waiting room".
- 2) When you join the meeting, your microphone will be muted, and we would like to encourage you keeping it muted at all times when you do not speak.
- 3) Although we would prefer all participants introduce themselves, time will be limited. In lieu of self - introductions Dr. Caron and Dr. Arbour will introduce participants in groups and we ask you to display your video when your group is called (for example 'all those from the FNHA')-Not quite the same as being in the same room, but will be good to see you all!
- 4) The progress reports will be done by the Activity Leads followed by discussion after each presentation. The speakers are encouraged to stay within their time slots to allow time for discussion. We suggest questions be typed in the chat, so if there is not enough time during the discussion we will be able to reply in writing after the meeting. We also encourage participants to ask their own questions on video. Please see the 'raise hand' function on the zoom screen.
- 5) There is a 10-minute break in the middle to avoid Zoom fatigue.
- 6) If you need any instruction on using Zoom ahead of time please contact Lawrence Gillman (lgillman@uvic.ca) or Irina Manokhina (imanokhina@uvic.ca)
